## Cloud Engineer

📞 +91 8527285720    ✉️ ansarisarik748@gmail.com    🔗 linkedin.com/in/sarik-ansari-9679a7240/    🌐 sarikansari.github.io/Portfolio/  
📍 Delhi, India

## OBJECTIVE

I am currently studying for a Master's in Computer Applications and have one year of experience as a Cloud Engineer. I hope to apply my skills as a DevOps Engineer. My experience and technology focus is on AWS, Cloud technologies, and Linux. I am excited to apply my technical experience in a way that is of tangible benefit to the organization and to support its infrastructure and operations.

## EXPERIENCE

### Cloud Engineer

#### MIEUX TECHNOLOGIES PVT LTD

📅 03/2025 - Present    📍 New Delhi, India

Cloud Support & Zabbix Monitoring

- Configured and maintained **Zabbix** for server performance monitoring and alert management.
- Troubleshoot cloud instances, network connectivity, and system resource issues proactively.
- Collaborated with teams to ensure high availability and performance of production systems.

## EDUCATION

### Master of Computer Applications

#### Maharshi Dayanand University

📅 2025 - Present

### Masters in Cloud Computing

#### Jetking Infotrain Limited

📅 2024 - 2025

### Bachelor of Computer Applications

#### Maharshi Dayanand University

📅 2021 - 2024

## PROJECTS

### Web Development Hackathon Project

📅 2024    📍 Haryana, India

Front-End Website

- Developed a fully functional front-end website within 2 hours during a team hackathon.
- Overcame layout and time challenges through strong teamwork, problem-solving, and persistence.
- Achieved winning position, demonstrating resilience and effective collaboration under pressure.

### RHEL RAM and Disk monitoring

📅 2025    📍 Delhi, India

System health checks and automation

- Created a Bash-based RAM monitoring script for RHEL that checks available memory, triggers low-RAM warnings, and supports automation through cron for lightweight system monitoring

## SKILLS

AWS	Server	Linux	Cloud
Networking	Zabbix	HTML	CSS
Python	Git	Docker	Kubernetes
IP	Bootstrap	Your Skill	

## CERTIFICATIONS

### Oracle Cloud Infrastructure 2025 Certified DevOps Professional

#### Oracle University

📅 2025

CI/CD, Infrastructure as Code (Terraform), Docker & Kubernetes, monitoring & logging, cloud security, networking, Git-based workflows, and deployment automation.

### Personality Development

#### Freedom Employability Academy

📅 09/2024

Communication, teamwork, reliability, adaptability, resilience, interpersonal skills, ethical behavior, and a strong growth mindset.

### Management Information System

#### Sofcon

📅 03/2022

Accurate data handling, MS Office proficiency, typing & documentation, basic computer operations, record management, and workplace discipline.

## INTERESTS

### Professional Summary

Committed to optimizing deployments, strengthening cloud reliability, and enabling seamless collaboration between development and operations.
